A Trusted Partner

For more than 45 years, the dedicated, responsive team of professionals at HORNE LLP has provided exceptional service to our clients. We believe in building lasting relationships and providing services that fit our clients' specialized needs. This foundation has helped us grow into one of the top 10 accounting and business advisory firms in the Southeast and one of the top 50 firms in the country.

HORNE utilizes extensive knowledge and a wide range of experience to understand the needs of your business. While we have specialized practice areas in the Health Care, Financial Institution and Franchise industries, as a full service firm, we have the depth of services and staff knowledge to benefit most any private or public company. Put the customized services of HORNE to work for you.

Passionate About The Health Of Your Business

HORNE is one of the largest public accounting practices in the Southeast devoted to the Health Care industry. Our *knowledgeable, experienced teams* are skilled in providing customized accounting and business advisory services for hospitals and a multitude of other Health Care entities. These include physician practices, ambulatory surgery centers, long-term acute care facilities, rehabilitation centers and residential nursing facilities.

A Dedication To Your Needs

People trust you to provide professional, compassionate care dedicated to their needs. Doesn't your business deserve the same treatment? At HORNE, *we don't believe that one size fits all*, nor do we believe that one solution fits every Health Care organization or practice. We want to get to know you, so we can customize our experience and services to fit your needs.

At HORNE, we understand the heavy regulations of the Health Care industry. Regulations that frequently reach beyond health and safety concerns to affect the overall Health Care marketplace. *We make it our priority* to maintain an intricate knowledge of all regulatory statutes, including HIPPA compliance and STARK law. Our professionals are often called upon to develop staffing and physician recruitment strategies under the constraints of STARK. We understand the complexity of compliance and can help guide you when dealing with the Office of Inspector General (OIG) on Medicare disputes and fraud/abuse claims. Backed by a dedicated team of Fraud, Forensic and Litigation professionals, our Health Care clients have *added confidence* knowing HORNE can handle legal situations that may arise.

Our Services.

Above all, we know that the Health Care industry can change in the blink of an eye. That's why our understanding of the industry is designed to give you access to regulatory, legislative and market changes, to keep your organization sharp.
