

Open Up To Something New

The Right Start

HORNE LLP was born of a **vision rooted in people**, founded in consistency and driven by growth.

Through the years, we have evolved to become more than just traditional accountants. We are a firm of **pragmatic, trusted and innovative** financial professionals. Dedicated to the development of our clients, our team and our community. And we are ready to put more than 45 years of experience and passion to work for you.

At Your Service

The power behind HORNE is our people. It is our **dedication to building lasting relationships with clients** that enables us to truly understand their needs. We emphasize innovation and advanced ideas in a culture that **embraces knowledge leaders and knowledge sharing**. And we are committed to investing in new client products and services.

When you work with HORNE, you can be confident in our **service, dedication, knowledge and high level of professionalism**. You can trust that we will be there for you, delivering customized plans that meet your specific needs. You can depend on our work and our people. And you can rely on our passion to do our best for you.

Don't Get Lost

▶ HORNE reigns as one of the Top 10 firms in the Southeast. A distinction driven by the inherent **breadth of knowledge and depth of resources** we provide. And by our passion to create comprehensive accounting and business advisory solutions that are as unique as the clients we serve.

▶ With more than 475 team members in offices across Alabama, Arizona, Louisiana, Mississippi, Tennessee and Texas, HORNE has the heart of a regional firm. But our broad services fill shoes big enough to leave a **footprint that spans from coast to coast.**

In The Numbers

▶ Above all, we don't define ourselves by the business we are in. **We define ourselves by the way we do business.** And we do business the way we do life. We live it. To the fullest. Every day.

▶ **We are more than traditional accountants.**

We are innovators, strategists, philosophers, go-getters, dreamers, intellectuals and extroverts.

We follow our own path to reach your goals.

We are experienced, passionate, efficient, knowledgeable, responsive, dedicated, professional

and friendly. We are as unique as the individuals who comprise our team. And as distinct as the

clients we serve. **We are HORNE.**

Our Services.

▶ **Tax Services**

Our team of highly credentialed professionals provides more than basic tax preparation services. We anticipate needs, consult with clients and work to find tax planning opportunities that maximize tax savings and help our clients successfully reach their goals.

▶ **Assurance Services**

Our experienced audit teams look beyond the numbers to help our clients recognize and manage business risks, while providing meaningful recommendations for improvement.

In addition to customized Assurance and Tax services, HORNE clients can choose from our extensive portfolio of additional services: General Business Consulting, Compliance Auditing, Fraud Consulting, Business Valuation, Forensic and Litigation Consulting, Wealth Advisory Services, Grant and Disaster Compliance, and IT Assurance.

Our Difference.

▶ **Business Accounting And Advisory Services**

Sure, we help prepare financial statements and tax documents. But we also deliver trusted advice and sound guidance in order to steer our clients through the many nuances of planning, tailoring each plan to fit their specific sizes and budgets.

▶ **Specialty Accounting Services**

HORNE has evolved from simply offering outsourcing accounting services to provide management of knowledge through the unique lens of the accounting discipline at the local level. We deliver 24-hour, on-demand, comprehensive, Web-based access to project status and documents, giving our clients transparency, accuracy and accountability.

And while we are recognized for our work with Hospitals and Health Systems, Physician Groups, Franchises, Financial Institutions, Construction, Not-For-Profits, Real Estate, and State and Local Governments, there are many other public and private companies who benefit from our depth and quality of service.
