## **Joe Benigno, PMP**

Joe is a project manager in specialty accounting at HORNE LLP. He works with disaster recovery oversight projects to ensure compliance in accordance with housing and grant guidelines. He is responsible for development and implementation of project management and business processes within specialty accounting.

Joe joined HORNE in 2009. His prior experience includes more than 20 years leading teams in the implementation of technologies for both government and commercial projects. These projects included large scale telecommunications and disaster recovery systems for federal and defense organizations. He has also established and managed project management organizations for consumer products businesses.

Joe received his Bachelor of Science degrees in electrical engineering and computer engineer from Mississippi State University and a Master of Science degree in technology management from Pepperdine University. He has also earned Project Management Professional certification.
